

GLOSSARY OF CRAFT TERMS

CSO	Concerned Significant Other
IP	Identified Patient
CRAFT	Community Reinforcement and Family Training
Positive Reinforcer	Any object or behavior whose presentation increases the behavior that it follows
Functional Analysis	Analyzes the function (purpose) of a behavior so that strategies can be devised to influence the behavior either by increasing or decreasing its frequency
Positive Communication Statements	Positive Communication Statements- statements designed to teach CSOs new ways to interact with IPs, as opposed to relying on old, ineffective patterns of communication (i.e. arguments)
Problem Solving	Procedures used in collaboration with the CSO to narrowly identify and define a problem, develop and implement solutions(s)
Natural Consequences	Unimpeded occurrence of a consequence following substance use by a loved one/significant other (IP)
Windows of Opportunity	Opportunity where a loved one and/or significant other (IP) appears receptive to a treatment invitation
Treatment Invitation	A planned attempt by the CSO to invite their loved one and/or significant other (IP) to enter treatment
Entering Treatment	Loved one and/or significant other (IP) accepts the treatment invitation and is admitted to treatment
